## DockTwin Watersports Performance

**The best of two worlds in a single mooring line: Highly elastic polyamide core protected by a robust polyester cover.**

### **Excellent shock absorption**

Braided polyamide core with high elongation for comfortable mooring.

### **Permanently flexible**

Best handling due to braided cover made of non-hardening, abrasion-resistant polyester.

### **High performance**

The perfect interplay of the various raw materials is reflected in the high strength.

#### **Diameter**

10 mm - 18 mm Ø

#### **Construction**
