# RunnerTwin Olympic Watersports Performance

The fine line: Competition sheet for maximum control, best grip in cleats and longest service life especially for small, fast keel yachts.

### Handling

Highest flexibility and best grip for maximum control when releasing by hand.

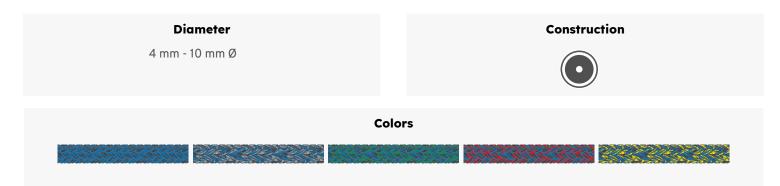

#### Lasts longer, lasts stronger

Triple-fibre cover with abrasion-resistant Dyneema<sup>®</sup>, non-slip Technora<sup>®</sup> and polyester.

#### Two-in-one

Strippable core made with Dyneema<sup>®</sup> SK 78 fibres for weight-optimised highperformance sheets and halyards.

## Technical data

Elongation at 10% of the breaking load: 0.60 %

Ø [mm]	Weight [kg/100 m]	Bl. real in splice [kN]	BI. linear DIN according to EN ISO 2307 [kN]
4 mm Ø	1.15	6.50	7.20
5 mm Ø	1.30	10.00	11.10
6 mm Ø	2.50	14.96	16.60
8 mm Ø	4.40	26.20	29.10
10 mm Ø	7.30	43.00	47.80
